Washington, D.C. 20024

Dear Supervisor Nicole Rogers,

This letter is in regard to the after-hours work permit requested by the Maryland Traffic Control LLC and their contractors for their project at the IMG Building (700 19<sup>th</sup> Street NW). This project entails shutting down 20<sup>th</sup> Street for a crane to hoist materials. As the Commissioner representing the single-member district 2A07 is vacant, this project falls under the responsibility of ANC 2A Chairperson Patel.

In this capacity, I am writing to express my support for extended work hours from when the permit is approved from **January 30, 2026 at 6pm to January 31, 2026 at 11pm**, on condition that construction activity will not have a significant negative effect on the quality of residential life or traffic circulation, as well as without going over the decibel in noise during the lift.

Sincerely,

Chairperson Patel
