Re: Letter of Support for Proposed After-Hours Permit for Clark Construction Group

Dear Permit Review Team,

As Chairperson for Advisory Neighborhood Commission 2A, I am writing to express my support for the after-hours permit application submitted by the Clark Construction Group for the project located at **2121 Virginia Ave NW**, Washington, DC 20037.

I understand that the proposed permit would allow the contractor to conduct work on Monday, October 12, 2026, during the project's normal construction hours of 7:00 a.m. to 7:00 p.m. This request is specifically for authorization to perform work on October 12, 2026, a District holiday.

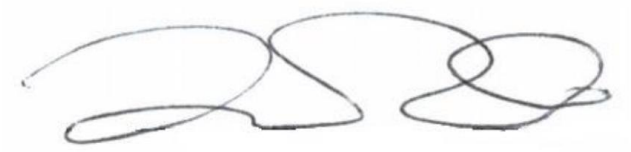

As Chairperson of ANC 2A representing the vacant single member district 07, I am writing to express my support for this request. This support is provided with the understanding that all work will comply with applicable Department of Buildings requirements, District noise regulations, and the conditions of the project's existing permits, and that the work will be conducted in a manner that minimizes impacts on nearby residents and businesses.

Thank you for your consideration.

Sincerely,

Trupti Patel
Chairperson, ANC 2A03

Sincerely,

Trupti Patel
Chairperson, ANC 2A03
